## SUMMARY

As a Computer Science and Engineering student, I am passionate about software development, problem-solving, and exploring new technologies. I have a strong foundation in programming languages such as C++, JavaScript, and Python and I am also deeply interested in Machine Learning and Blockchain technologies.

## PROJECTS

### PHARMA Web Application

Next.js, Redux, Express.js, MongoDB, Mongoose.

[Live Site](#) | [GitHub Link](#)

- Developed a scalable MERN-stack pharmacy app, enabling seamless product browsing and purchasing.
- Optimized search functionality with infinite scrolling, improving UX and reducing server load.

### Bicycle Store Website

React.js, Redux, Express.js, MongoDB, Mongoose.

[Live Site](#) | [GitHub Link](#)

- Built a dynamic bicycle store with state management using Redux Toolkit & Redux Persist.
- Implemented real-time search, filtering, and pagination, enhancing product discovery.

### Online Survey Website

React.js, Node.js, Express.js, MongoDB.

[Live Site](#) | [GitHub Link](#)

- Developed a role-based survey platform with JWT authentication and Stripe payments.
- Enabled secure user access control and subscription-based pro features.

### Simple E-commerce Website

HTML, CSS, Bootstrap, Python, Django, SQLite.

[GitHub Code](#)

- Built a Django-powered e-commerce platform with secure payments via SSLCOMMERZ.
- Added product review & purchase tracking, enhancing user engagement.

## EDUCATION

Bachelor of Science in Computer Science and Engineering

National Institute of Textile Engineering and Research.

📅 02/2022 – Present

📍 Nayarhat, Savar, Dhaka-1350, BD

Expected Graduation: 2026

## COURSEWORK

### UNDERGRADUATE

Data Structure and Algorithms, Object Oriented Programming, Database Management System, Data and Telecommunication, Computer Networking, Software Engineering.

## SKILLS

HTML, CSS, Bootstrap, Tailwind CSS, C++, JavaScript, TypeScript, Python, React.js, Redux, Next.js, Express.js, Django, MySQL, MongoDB, Mongoose, Firebase, VS Code, Git & GitHub.

## PASSIONS

### Tech Education & Mentorship

Committed to promoting peer mentoring, knowledge sharing and technical problem solving.

### Machine Learning Enthusiast

Passionate about applying ML algorithms to real-world challenges with a focus on predictive models and AI systems.

### Blockchain Technology

Excited by blockchain's potential to transform industries through decentralized, secure solutions.
